MEMORANDUM FOR: Assistant Director, Research and Reports
SUBJECT : Tables of ORR Production, FY 1956

The two attached tables are submitted for your approval for inclusion in ORR's budget material. These tables were compiled on a basis of 10 months figures, projected to 12 months. The table showing completed reports by categories was prepared but not submitted last January, because of the inadequate comparison between the first half, FY 56 and the entire FY 55. A comparison between the entire two years may now be of interest.
